# Executive Summary

Scan of <http://testphp.vulnweb.com> completed with 0 total findings. Critical: 0, High: 0, Medium: 0, Low: 0.

| Severity      | Count |
|---------------|-------|
| Critical      | 0     |
| High          | 0     |
| Medium        | 0     |
| Low           | 0     |
| Informational | 0     |
| Total         | 0     |

# Findings Overview

| Scanner     | Findings |
|-------------|----------|
| ssl_checker | 1        |

## Delta Analysis

| Delta Status | Count |
|--------------|-------|
| New          | 0     |
| Fixed        | 0     |
| Regressed    | 0     |
| Existing     | 0     |

# Critical & High Findings

## ■ SSL Certificate Not Found

|           |                         |
|-----------|-------------------------|
| Severity  | HIGH                    |
| Component | testphp.vulnweb.com:443 |
| Scanner   | ssl_checker             |

**Description:** Could not retrieve SSL certificate for testphp.vulnweb.com:443  
**AI Triage:** Further investigation is needed to confirm if this is a misconfiguration or part of a larger security issue. Immediate action should be taken to verify the SSL certificate installation.  
**Remediation:**  
Error generating remediation:
